# **PRESENTATION**

---

Superman, Batman, Wonderwoman, ce ne sont pas seulement des hommes et des femmes qui volent ou survolent le monde, usent de pouvoirs magiques et disparaissent à volonté. Ils sont des incarnations : incarnations de rêves et incarnations de valeurs. Leurs exploits, les défis qu'ils relèvent, les performances qu'ils accomplissent, sont tous réalisés au nom de la justice et de la fraternité, de l'humanisme et de l'universel.

Placé sous le Haut Patronage de Sa Majesté le Roi Mohammed VI, que Dieu L'assiste, le Salon International de l'Edition et du Livre de Rabat accueillera, du 9 au 19 mai 2024, une exposition consacrée aux Super-Héros Marvel et en présence de leurs créateurs, parallèlement à la présence de l'Unesco comme invité d'honneur. Cette association entre l'organisation internationale vouée à promouvoir la culture et les valeurs humanistes, et avec laquelle notre pays entretient une ancienne et fructueuse collaboration, et les Super-héros Marvel, est plus qu'une juxtaposition. La 29ème édition du SIEL montre ainsi que les rêves de l'enfance et de l'adolescence d'une part, et la promotion du dialogue des civilisations d'autre part, sont des engagements solidaires.

Toute société, dans sa phase d'émergence et d'épanouissement, produit un imaginaire combinant valeurs et mythologie. Les Grecs et leurs héros, les Arabes de l'âge d'or et les Mille et une Nuits, l'Amérique de l'après-guerre et ses Super-Héros... Venus de l'autre côté de l'Atlantique, les artistes Marvel offriront au public du SIEL, jeunes et moins jeunes, l'occasion d'approcher l'atelier où se fabriquent ces imaginaires mondiaux.

Le Royaume du Maroc s'est engagé, depuis une génération maintenant, dans une émergence multidimensionnelle, économique, sociale et culturelle. Sous l'égide de la Vision de Sa Majesté le Roi Mohammed VI, que Dieu L'assiste, le rêve marocain est en voie de réalisation, enraciné dans nos valeurs d'authenticité, de justice et d'ouverture. L'heure est peut-être proche où des Super-Héros marocains vont émerger, pour accompagner par l'imagination active et inspirante ce décollage !
